NEW EXPERIENCES THE EXPLOREAN KOHUNLICK AND THE EXPLOREAN COZUMEL

These two boutique hotels continue to amaze guests with new adventures and cultural experiences in the hands of knowledgeable and professional guides.

Night Kayak Nocturno to the JE'LEL CHE Lagoon

The Explorean Kohunlich

Come nightfall, the expedition starts with a 40 minute jungle voyage in order to reach JE 'LEL CHE Lagoon, where guests kayak among story-telling millenary trees, searching for the region's own alligators nestled among the edges, as well as contemplate diverse natural surroundings. It's an excellent opportunity to enjoy the jungle by night and discover the beauty of the sky in from total darkness.

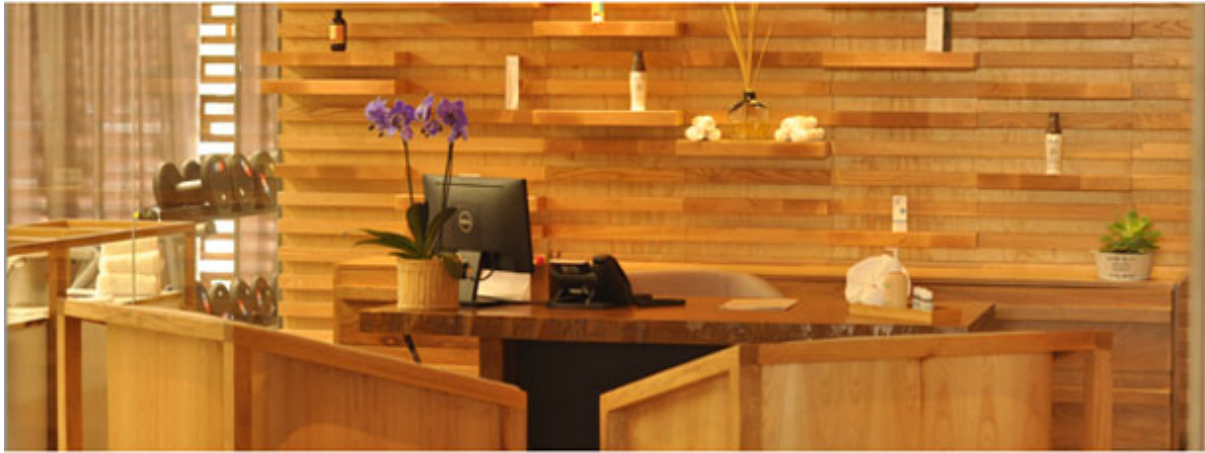

Mayan Ritual at The Explorean Cozumel

On the island of Cozumel, the newly opened The Explorean Cozumel is incorporating cultural elements to its daily activity plan, such as the possibility to witness a traditional Mayan ceremony once a week. Participating guests gather in the hotel lobby from where they are led through a hidden rocky path until they arrive at an inner dirt circle. They are asked to sit barefoot in a circle on wooden trunks while the ritual starts. At the end, they are offered a traditional beverage called Pozol, made from cacao and corn, which will surely give them enough energy for the following day's adventures.
