NEW CORAL KIDZ CLUB OUTDOOR PLAY ZONE OPENING THIS SUMMER

Grand Fiesta Americana Coral Beach Cancún

A year after debuting the \$2 million, 40,000 square-foot state-of-the-art 'Coral KidZ Club', the Grand Fiesta Americana Coral Beach Cancun will add to its rich offerings a Mayan-themed outdoor sand and water-filled play zone. The new outdoor area, connected to the Coral KidZ Club, extends its fun and sense of discovery to the outdoors by taking children on an expedition through the jungles of the Yucatan.

Budding paleontologists and aspiring archeologists can play "explorers" as they play, search and dig for fossils, assembling their treasures to recreate dinosaur skeletons. A towering Mayan Temple will be the highlight encouraging children to climb up the ruins and through the caves to find winding slides that lead back to pools of water and soft sand. Slated for a two-phase opening, young guests will be able to enjoy portions of the park starting in July 2016, and it will be finalized in November 2016 with the unveiling of more water attractions.
